

4th Grade WEEKLY NEWS

August 30th - September 11th

What's Happening?

Monday 30th	Tuesday 1st	Wednesday 2nd	Thursday 3rd	Friday 4th
<p>DUE Brown Bag Project</p>	<p>DUE Being able to login to SeeSaw, Prodigy, and Google Doc</p>			
<p>Monday 7th</p> <p>Labor Day No school</p>	<p>Tuesday 8th</p>	<p>Wednesday 9th</p>	<p>Thursday 10th</p>	<p>Friday 11th</p> <p>District Announces Plans For Rest of the Semester</p>

Nuts and Bolts

Thank You

We want to give a big THANK YOU to all the students and parents who took the time to attempt to get signed onto some of the apps. It was helpful if you were able to get on, or if you tried some things because it made the problem solving much easier for us to handle!

Upcoming Weeks

At the top of this newsletter, you will see a calendar that goes two weeks in advance. You will either see some important dates to note on your own calendars, or you will see some important deadlines for things to be due on the students end.

Attendance

Students will be marked in attendance if they log into a live, virtual class meeting. For information about other interactions that can count as being present, [please view the full attendance policy](#). Attendance will be taken daily at key intervals in the school day:

- **Elementary Level (K-5)**
 - **M, T, Th, F:** Teachers will take daily attendance by the end of the regularly scheduled morning meeting.
 - **Wednesday:** Teachers must record attendance by the end of the regularly scheduled school day.

If you are having any issues with getting on Zoom or otherwise, please email the teacher and Barb Little, the CDE attendance coordinator, to let us know.

Barb Little Email: lit008292@adams12.org

Suggestions

Reflecting on this first week of school, we have some suggestions that might make the school year a little easier.

- **Portable charger:** If you are able to get a portable charger, we suggest having it fully charged each day. We quickly realized students' iPads were dying by mid day. If you are not able to get one, we also suggest having their iPad charger and outlet near them. They have been wonderful at letting us know when their iPads are about to die. We tell them to plug in and if the iPad dies give it about 5-10 minutes then get back onto Zoom.

- **Double check login:** Please allow your students some time to practice logging into the **DUE** apps above on the calendar. That way when they come to school on Monday we can help them solve any issues.
- **Zoom:** Some students are getting kicked out of Zoom frequently. We noticed that when the class is in a Breakout Room (where students are in small groups) it is not letting us, the teacher, let them back in. We apologize for this and have not been able to solve this problem. We will keep trying to figure it out. If this happens to your student, please just have them wait here patiently until they can be let back in.

Things Due

Monday, August 30th:

1. **Brown Bag Project:** this is a project where we can learn more about your wonderful student! We asked them to choose 5 objects that they feel best represent themselves. This can be a photo of your family, toys, trophies or any object they choose. We look forward to learning more about your student! :) Directions and examples are in SeeSaw under First Week Folder.
2. **Double check logins:** Please allow your students some time to practice logging into the **DUE** apps above on the calendar. That way when they come to school on Monday we can help them solve any issues. We have also attached video tutorials below.
 - a. SeeSaw
 - b. Prodigy
 - c. Google Doc

Friendly Reminders

If you haven't already, please fill out the parent survey in the link below. This greatly helps us know more about your student, especially since we are not starting in person. We have only had a few responses so far so thank you to those of you who have done it!

Cherry Cheers! (Kuddos/Shout Outs)

We are going to positively boost each other up on a regular basis – the simplest recognition will go such a long way! Here are a few shoutouts we want to give.

Parents – Great job at supporting your student through this difficult time! It is important for student success that they have others supporting them and we can tell this group of parents supports their student!

Students – AMAZING work these past couple of days! We love how you are all so respectful to each other and support each other in the Zoom calls. Keep up the great work!

Finally – Thank you EVERYONE for being so open minded, friendly and flexible for our unprecedented year ahead. We are so very grateful to be a part of this community!
